#1 NEW YORK TIMES BESTSELLER • “ A big sweeping novel of friendship and marriage ” (The Washington Post) by the celebrated author of The Prince of Tides and The Great Santini Leopold Bloom King has been raised in a family shattered—and shadowed—by tragedy. Lonely and adrift, he searches for something to sustain him and finds it among a tightly knit group of outsiders. Surviving marriages happy and troubled, unrequited loves and unspoken longings, hard-won successes and devastating breakdowns, as well as Charleston, South Carolina ' s dark legacy of racism and class divisions, these friends will endure until a final test forces them to face something none of them are prepared for. Spanning two turbulent decades, South of Broad is Pat Conroy at his finest: a masterpiece from a great American writer whose passion for life and language knows no bounds. Praise for South of Broad “ Vintage Pat Conroy . . . a big sweeping novel of friendship and marriage. ” —The Washington Post “ Conroy remains a magician of the page. ” —The New York Times Book Review “ Richly imagined . . . These characters are gallant in the grand old-fashioned sense, devoted to one another and to home. That siren song of place has never sounded so sweet. ” —New Orleans Times-Picayune “ A lavish, no-holds-barred performance. ” —The Atlanta Journal-Constitution “ A lovely, often thrilling story. ” —The Dallas Morning News “ A pleasure to read . . . a must for Conroy ' s fans. ” —Associated Press

A fascinating book on the joys of discovering how the world works, by the Pulitzer Prize–winning author of Cosmos and Shadows of Forgotten Ancestors. “ Magnificent . . . Delightful . . . A masterpiece. A message of tremendous hope for humanity . . . While ever conscious that human folly can terminate man ' s march into the future, Sagan nonetheless paints for us a mind-boggling future: intelligent robots, the discovery of extraterrestrial life and its consequences, and above all the challenge and pursuit of the mystery of the universe. ” —Chicago Tribune “ Go out and buy this book, because Carl Sagan is not only one of the world ' s most respected scientists, he ' s a great writer. . . . I can give a book no greater accolade than to say I ' m planning on reading it again. And again. And again. ” —The Miami Herald “ The brilliant astronomer . . . is persuasive, provocative and readable. ” —United Press International “ Closely reasoned, impeccably researched, gently humorous, utterly devastating. ” —The Washington Post

The author, a victim of birth injuries that left him paralyzed and unable to communicate, presents his autobiography as the story of Joseph Meehan, a disabled student who gains fame as a writer.

Racial intolerance, social change, and sweeping progress make 1908 Washington, D.C., a turbulent place to grow up in for 12-year-old Emily Soper. For Emily, life in Papa's carriage barn is magic, and she's more at home hearing the symphony of the blacksmith's hammer than trying to conform to the proper expectations of young ladies. When Papa's livelihood is threatened by racist neighbors and horsepower of a different sort, Emily faces changes she'd never imagined. Finding courage and resolve she didn't know she had, Emily strives to save Papa's business, even if it means going all the way to the White House.

With a new Foreword by April Baker-Bell and a new Preface by Vershawn Ashanti Young and Y ' Shanda Young-Rivera, Other People ' s English: Code-Meshing, Code-Switching, and African American Literacy presents an empirically grounded argument for a new approach to teaching writing to diverse students in the English language arts classroom. Responding to advocates of the “ code-

switching ” approach, four uniquely qualified authors make the case for “ code-meshing ” —allowing students to use standard English, African American English, and other Englishes in formal academic writing and classroom discussions. This practical resource translates theory into a concrete road map for pre- and inservice teachers who wish to use code-meshing in the classroom to extend students ’ abilities as writers and thinkers and to foster inclusiveness and creativity. The text provides activities and examples from middle and high school as well as college and addresses the question of how to advocate for code-meshing with skeptical administrators, parents, and students. Other People ’ s English provides a rationale for the social and educational value of code-meshing, including answers to frequently asked questions about language variation. It also includes teaching tips and action plans for professional development workshops that address cultural prejudices.

Literary Nonfiction. Ewa Hryniewicz-Yarbrough arrived in the United States from Poland in 1984, bringing memories of life under a totalitarian regime, where the personal was always political. In essay after essay in OBJECTS OF AFFECTION, her remarkable debut, Hryniewicz-Yarbrough shows the immigrant's double perspective, exploring a "bi-polar" world of displacement and rootlessness, geography and memory, individual and family history, always with an acute awareness of losses and gains that accompany adaptation to a new language and culture and the creation of a new identity.

Writing in the notebook which her teacher gave her, thirteen-year-old Celiane EspTrance describes life with her mother and brother in Haiti as well as her experiences in Brooklyn after the family finally immigrates there to be reunited with her father.
