[GCSE SCIENCE REVISION](#)

The '9-1' AQA specification for GCSE Chemistry, examined from summer 2018.

Specifically tailored for the new 2016 AQA GCSE Science (91) specifications, this third edition supports your students on their journey from Key Stage 3 and through to success in the new linear GCSE qualifications. These revision guides will help students revise key concepts, and provide plenty of differentiated practice questions and support.

Aiming for your very best grades in AQA GCSE Chemistry? This revision guide will support you every step of the way. My Revision Notes (for A\* to C): AQA GCSE Chemistry will help you revise effectively in the way you want to, allowing you to plan and pace your revision according to your learning needs, and to adapt and personalise with your own notes. Written by experienced teachers and examiners, you can be confident that this guide will cover only the facts and ideas you will be expected to recall and be able to use. With My Revision Notes (for A\* to C): AQA GCSE Chemistry, essential facts are organised into memorable portions to make revising easier. Each double-page spread summarises a key topic for AQA GCSE Chemistry and is packed with questions and quick-fire quizzes so you can test your understanding and track your progress. Exam tips and hints then show you how to avoid losing marks and get the best grades. With additional online support and advice on using terms and applying your scientific skills, this guide will help you prepare for your top grades.

This guide covers all the exam-assessed content on the AQA Chemistry specification. It is designed to help students get the most out of their revision. Information is broken down into manageable chunks, key words and phrases are highlighted for last minute recaps and higher tier material is clearly differentiated on the page.

Unlock your full potential with these revision guides which focus on the key content and skills you need to know. With My Revision Notes for AQA GCSE Chemistry you can: - Take control of your revision: plan and focus on the areas you need to revise with content summaries and commentary from author Philip Dobson - Worked examples and graphs to help develop data handling vocabulary and show how you can apply data analysis and interpretation skills - Improve your skills to tackle specific exam questions with self-testing and exam-style questions - Accompanying answers, further questions and revision podcasts provided on [www.hodderplus.co.uk/philipallan](http://www.hodderplus.co.uk/philipallan)

These concise revision notes (flashcards) contain all the necessary exam knowledge in a short, easy to memorize form. Each page covers the key facts, such as definitions, of a single topic, without the distraction of unnecessary information. Created with great care, they include important information specific to exam questions.

Exam Board: AQA Level: GCSE Subject: Chemistry First Teaching: September 2016 First Exam: Summer 2018 Unlock your students' full potential with these revision guides from our best-selling series My Revision Notes With My Revision Notes your students can: - Manage their own revision with step-by-step support from experienced teachers with examining experience. - Apply scientific terms accurately with the help of definitions and key words. - Prepare for practicals with questions based on practical work. - Focus on the key points from each topic - Plan and pace their revision with the revision planner. - Test understanding with end-of-topic questions and answers. - Get exam ready with last minute quick quizzes available on the Hodder Education Website.

Endorsed and approved by AQA, this GCSE series aims to provide a match to each of the GCSE science awards. Working together with AQA, it offers printed and electronic resources that seek to work together to provide you with all the support you need to teach the specifications.

Target exam success with My Revision Notes. Our updated approach to revision will help students learn, practise and apply their skills and understanding. Coverage of key content is combined with practical study tips and effective revision strategies to create a revision guide students can rely on to build both knowledge and confidence. My Revision Notes will help students to: - Plan and manage a successful revision programme using the topic-by-topic planner - Consolidate your knowledge by working through clear and focused content coverage - Test understanding and identify areas for improvement with regular tasks and answers - Improve exam technique through practice questions, expert tips and examples of typical mistakes to avoid
