My name is Ilana Muhlstein and I wrote You Can Drop It! to help you learn my personal and proven system to drop weight and keep it off—without sacrifice—and it's so simple that you'll love it! This unique approach has become famous thanks to my renowned 2B Mindset program. I was always the big one in the group. By the time I turned 13, I weighed over 200 pounds, and I felt terrible about myself. That's when I realized I had to break the cycle. Through trial and error, and lots of research, I discovered a simple and effective way to lose weight, while still eating large portions and the foods I loved. Over time, I lost 100 pounds, and kept the weight off. . . even after having two beautiful children. My secret? It's called the 2B Mindset. This book explores common representations and experiences of American fitness. It takes women ' s experiences as the center of inquiry toward an understanding of the function of fitness in our lives and in our culture-at-large. Ranging from 1968 to the present, from Jane Fonda to WiiFit, from revolution to institutionalization, from personal to political, and beyond, this book considers a broad range of topics from an interdisciplinary perspective: generations, cultural appropriation, community development, choreography, methodology, healing, and social justice. Drawing on her experience as a cultural theorist, educator and fitness instructor, the author offers critical and creative approaches that reveal the limitations and possibilities of fitness. The book enables readers to think about their own relationship to fitness as well as the more abstract meanings of the term, and suggests the idea that fitness has some potential to transform our worlds—if we ' re willing to do the work(out).

A wise man once said, "the key to failure is trying to please everybody." But before you can tell others NO, you have to be able to tell yourself YES. Yes to embarking on a path of personal growth. Yes to ending the cycle of people-pleasing and self-neglect—finally and forever. Plainly put, you must develop a BACKBONE. Yes, it is a process and a journey. Yes, you will be tested. But on the other side of this crucible lies empowerment and respect. Let Dr. Anne Brown, a practicing therapist for the last twenty-five years, show you the way. Yes, it is worth it and no, you won't be sorry.

Do you lack confidence, grit, endurance, fortitude, self-esteem and all the other things that don't just make someone great, but successful in everything they do? What if you could completely transform yourself into someone who could do anything? I'm not talking about the change that happens for a week or a month or a year...but for your whole life? What would that legitimately and realistically be worth to you? Everybody tries to tell themselves that they are "special" or "great"...but it's just talk. It's not reality. This book tells you how to do that. It doesn't cost anything to execute this program...but it ain't free. I guarantee if you do exactly as I tell you to do it with no compromises and zero substitutions...you and your life will never be the same. -Andy Frisella
