When you finish, not only will you be a much better chess player, you may even be able to beat Bobby Fischer at his own game!

Finally this modern classic is back in print! Ever wondered why grandmasters take only seconds to see what's really going on in a chess position? It's all about structures, as Ivan Sokolov explains in this groundbreaking book. *Winning Chess Middlegames* addresses the often ignored but extremely important topic of pawn structures, divided into 4 main types: doubled pawns, isolated pawns, hanging pawns and pawn majorities. With its highly accessible verbal explanations and deep analyses of top-level games, this book helps you to solve the basic problems of the middlegame: space, tension and initiative. Club players studying *Winning Chess Middlegames* will: -- greatly enhance their middlegame skills -- develop an accurate feeling as to which particular positions suit their style -- acquire new strategic and practical opening knowledge Ivan Sokolov explains matters profoundly, honestly and objectively, and includes lots of inside stories from top-level chess, neither sparing his colleague grandmasters nor himself in his comments.

Presents the fundamentals of the game of chess and includes tips, strategies, and such fun variations on the game as Queen Dance and Bughouse.
