This revised and updated edition of a core textbook – one of the most well-established texts in the field of comparative politics – offers a comprehensive introduction to the comparison of governments and political systems, helping students to understand not just the institutions and political cultures of their own countries but also those of a wide range of democracies and authoritarian regimes from around the world. The book opens with an overview of key theories and methods for studying comparative politics and moves on to a study of major institutions and themes, such as the state, constitutions and courts, elections, voters, interest groups and political economy. In addition, two common threads run throughout the chapters in this edition – the reversal of democracy and declining trust in government – ensuring that

The classic introduction to political science and comparative politics has been comprehensively updated for this new edition. Retaining the clarity of expression and breadth of coverage that has made it the introduction of choice for generations of students, it provides a lively and up-to-date account of the events and forces shaping politics in today's interconnected world. The new edition includes separate chapters on theoretical approaches and research strategies in political science as well as increased coverage of security, media, culture, law and regulation. Carefully designed learning features illustrate the text throughout. These include:

- full-page Profiles on individual countries and the European Union, with associated Spotlights linked to each chapter
- on-

page glossary definitions for key terms and timelines of key events • guides to additional learning resources for each chapter • a companion website providing additional resources and activities

This is a thoroughly revised and updated tenth edition of the classic text in the field of comparative politics. Now co-authored by John McCormick, this comprehensive and lively text continues to introduce students to the key concepts, approaches and arguments that will enable them to successfully compare the fundamentals, structures and processes of political systems across the globe. Taking full account of the institutions of government and the different political cultures that both influence and are impacted by

Acces PDF Comparative Government And Politics Rod Hague Martin Harrop 9th Edition

political developments, the authors offer detailed analysis of democracies and authoritarian regimes. This edition includes a much wider range of international case studies, particularly expanded to include more from Latin America and Africa and to reflect the emerging powers on the world stage. The book is also newly supported by a variety of carefully designed supporting features:

- * Spotlights on individual countries offer profiles of the different types of political systems around the world
- * Chapter Previews, Overviews, Key Arguments, Discussion Questions and Further Reading help consolidate knowledge
- * New Focus boxes give more insight into important issues discussed in the text
- * Key Concepts are defined throughout the text in a concise and easily digestible style.

This renowned text is the essential, and accessible,

Acces PDF Comparative Government And Politics Rod Hague Martin Harrop 9th

introduction to the study of comparative politics for students of political science everywhere.

This textbook provides a multidisciplinary introduction to global and international studies. Offering unrivalled breadth and depth, it covers all the key dimensions of the topic, including broad introductions to international politics and economics, and focused surveys of topics from human rights and migration to conflict and the environment. John McCormick's lucid writing style renders complex information understandable to all students. Full-colour photographs, maps, tables and figures bring the subject to life and innovative pedagogical features emphasize the importance of understanding perspectives and experiences different from

Acces PDF Comparative Government And Politics Rod Hague Martin Harrop 9th

one's own worldview. Assuming no prior knowledge of the subject, this textbook is ideal for undergraduate students worldwide who are taking introductory modules in global and international studies. The text can also be used by undergraduate students taking courses on globalization.

Long established as the leading text in the field, the 7th edition has been comprehensively updated, revised and rewritten throughout. A new chapter has been added on Political Economy and the classification system used to compare states has been recast to distinguish liberal and illiberal democracies as well as contrasting these with authoritarian regimes. Lively, accessible, student-friendly and truly international in its coverage, the 7th edition includes a
