dreamed of a special kind of sports car, a marriage of European style with lusty, affordable American V8 power. He took his dream forward and he persuaded British sports car specialist AC Cars to build his car, and US industry giant the Ford Motor Co to fund it. Its name also came to him in a dream - Cobra. The original production of the Cobra lasted just five years and encompassed barely a thousand cars built within the original framework. But it was only the beginning of a story that is still very much alive, encompassing 'continuations', spin-offs, and a massive worldwide replica industry. Shelby and AC Cobra details the man behind the cars, the story of their development and engineering, racing pedigree and owning and driving

out of nowhere. Daayan, a subversive faction of occultists and zealots based in a remote region of India, thought to be inexistent, might be the responsible. Susan Dax is asked by a friend to make some inconspicuous enquiries, to find out if this sect does exist and if it might be the culprit. In New Delhi Susan Dax not only finds the city hot and suffocating, she found the city hazardous for her health and dangerously uncooperative. She has to deal with a group of fanatic killers, a heroine deal, a snake pit, a crazed billionaire, a traitor and a new awesomely devastating weapon. She navigates her way through ambitious killers and a self-obsessed combat fighter, but if she wants to survive, she must follow her instincts and play her own game

Tuning engines can be a mysterious art, all engines need a precise balance of fuel, air, and timing in order to reach their true performance potential. Engine Management: Advanced Tuning takes engine-tuning techniques to the next level, explaining how the EFI system determines engine operation and how the calibrator can change the controlling parameters to optimize actual engine performance. It is the most advanced book on the market, a must-have for tuners and calibrators and a valuable resource for anyone who wants to make horsepower with a fuel-injected, electronically controlled engine.
