Synopsis coming soon.....

Open out the giant fold-out pages to find out about some of the world's biggest, strongest and tallest machines. Full of the world ' s biggest machines found on building sites, farms, airports and dockyards including one of the biggest machines ever, the bucket-wheel excavator used in mining. For the biggest of machines, the book includes two giant foldout pages. This attractive picture book format replaces the original board book format, ISBN 9781409507314.

Describes construction vehicles, specifically different kinds of diggers and cranes, explaining what parts of the vehicles are used for what purpose.

Illustrated throughout in colour a title in the MACHINE BOARD BOOKS series.

Describes and illustrates the different kinds of digging machines and cranes.

Your little one will love to discover the incredible trucks and things that go inside this bright board book. There are 100 different truck photographs to look at and talk about, and 100 truck names to read and learn, too. The pages are made from tough board for hours of fun reading, and the cover is softly padded for little hands to hold.

Your young readers will dig down into the world of digging machines with this exciting look at a popular kind of big, powerful machine. Through achievable text, they'll learn about machines that dig, dump, load, and lift things on construction sites. They'll discover the various parts of each machine and how they're used to get the job done easily and safely. Colorful illustrations peppered throughout this book keep readers interested and entertained as they learn. This charming reading experience is designed to encourage early learners to dig deeper into this fun topic.
