INTERNATIONAL POLITICS: POWER AND PURPOSE IN GLOBAL AFFAIRS, 4th Edition, helps you make the connection between analytical theories and real-world issues and events. The focus on power and purpose engages both the goals that actors have in international politics, and the ways they have to achieve them. Thought-provoking case studies and features on history, policy, and geography let you see the world from multiple perspectives, while critical-thinking questions for each feature ask you to examine what you have learned. The Connection to You boxes show how international politics directly affects the lives of individuals, and how individuals can influence international politics.
