capable of harnessing and activating inner energies in such a way that your body and mind function at their optimal capacity. It is a means to create inner situations exactly the way you want them, turning you into the architect of your own joy. A yogi lives life in this expansive state, and in this transformative book Sadhguru tells the story of his own awakening, from a boy with an unusual affinity for the natural world to a young daredevil who crossed the Indian continent on his motorcycle. He relates the moment of his enlightenment on a mountaintop in southern India, where time stood still and he emerged radically changed. Today, as the founder of Isha, an organization devoted to humanitarian causes, he lights the path for millions. The term guru, he notes, means “dispeller of darkness, someone who opens the door for you. . . . As a guru, I have no doctrine to teach, no philosophy to impart, no belief to propagate. And that is because the only solution for all the ills that plague humanity is self-transformation. Self-transformation means that nothing of the old remains. It is a dimensional shift in the way you perceive and experience life.” The wisdom distilled in this accessible, profound, and engaging book offers readers time-tested tools that are fresh, alive, and radiantly new. Inner Engineering presents a revolutionary way of thinking about our agency and our humanity and the opportunity to achieve nothing less than a life of joy.

NEW YORK TIMES, USA TODAY, and PUBLISHERS WEEKLY BESTSELLER "Full of valuable insights to guide you."—WILL SMITH "Thoughtful and life-affirming . . . a must-read."—TONY ROBBINS "This book will put you back in charge of your own life."—TOM BRADY A new perspective on the overused and misunderstood concept of "karma" that offers the key to happiness and enlightenment, from the world-renowned spiritual master Sadhguru. What is karma? Most people understand karma as a balance sheet of good and bad deeds, virtues and sins. The mechanism that decrees that we cannot evade the consequences of our own actions. In reality, karma has nothing to do with reward and punishment. Karma simply means action: your action, your responsibility. It isn't some external system of crime and punishment, but an internal cycle generated by you. Accumulation of karma is determined only by your intention and the way you respond to what is happening to you. Over time, it's possible to become ensnared by your own unconscious patterns of behavior. In Karma, Sadhguru seeks to put you back in the driver's seat, turning you from a terror-struck passenger to a confident driver navigating the course of your own destiny. By living consciously and fully inhabiting each moment, you can free yourself from the cycle. Karma is an exploration and a manual, restoring our understanding

of karma to its original potential for freedom and empowerment instead of a source of entanglement. Through Sadhguru's teachings, you will learn how to live intelligently and joyfully in a challenging world.

"With the elegance of simplicity, this book takes you on an exploration of consciousness, that will shift you to a higher reality."

—Deepak Chopra Constructed around a series of late night conversations around a camp fire between Cheryl Simone and Sadhguru Vasudev on an Island in the middle of a Western North Carolina lake near her mountain home, *Midnights with the Mystic* is the most thorough exposition of the teachings of India's most sought after mystic. Sadhguru challenges us to embrace the possibility that to each of us is available a higher realm of reality, a peak of consciousness; an entrée into the realm of freedom and bliss. Simone, an Atlanta real estate developer, was the typical baby boomer in search of an authentic spiritual experience.

Professionally successful, yet spiritually arid, she discovered a way into what she was looking for in the teachings of Sadhguru.

Concrete and down-to-earth, *Midnights with the Mystic* both provides readers with an introduction to profound spiritual teaching and a personal glimpse of a charismatic guru.

In modern societies, enhancing the quality of our life has become one of our main objectives. In this pursuit, we tend to emphasize on enhancing external situations, our job, business, family and the abounding accumulation of material things; in spite of all the efforts, our personal and professional lives are too often painfully lacking happiness and fulfillment. In this volume, Sadhguru shifts our focus to the inside, pointing out a way to establish a true sense of inner peace and wellbeing by applying "Inner Management."

yoga in today's world.

Mystic's Musings is a compilation of extracts from Sadhguru's discourses and talks. An intriguing look into the truth that lies at the core of existence, this book provokes readers to delve into spaces that are not for the faint-hearted, yet deftly guides us with answers about reality that transcend our fears, angers, hopes, and struggles. Sadhguru keeps us teetering on the edge of logic and captivates us with his answers to questions relating to life, death, rebirth, suffering, karma, and the journey of the Self.
