Simon rode a motorcycle around the world in the seventies, when such a thing was unheard of.
In four years he covered 78,000 miles through 45 countries, living with peasants and
presidents, in prisons and palaces, through wars and revolutions. What distinguishes this book
is that Simon was already an accomplished writer. In 25 years this book has changed many
lives, and inspired many to travel, including Ewan McGregor.

Jupiter's Travels -Ted Simon's astonishing 4 year motorbike journey around the world The
book that inspired Ewan McGregor's Long Way Round In the late 1970s Ted Simon set off on
a Triumph and rode 63,000 miles over four years through fifty-four countries in a journey that
took him around the world. Through breakdowns, prison, war, revolutions, disasters and a
Californian commune, he travelled into the depths of fear and reached the heights of euphoria.
He met astonishing people and was treated as a spy, a welcome stranger and even a god. For
Simon the trip became a journey into his own soul, and for many others - including bikers
Charley Boorman and Ewan McGreggor - it provides an inspiration they will never forget. This
classic text, which has informed a whole genre of travel writing in the thirty years since it was
first published, will never be bettered for sheer adventure, passion, humour and honesty.

impelled by an insatiable desire to explore the world. It led him to abandon an early scientific career in favour of journalism, and he has worked for several newspapers and magazines on Fleet Street and elsewhere. Ted Simon is also the author of *Riding Home* and *The Gypsy in Me*.

A journalist for the London Sunday Times, Simon vividly recounts his four-year journey, by motorcycle, around the world, offering incisive observations about the people, places, and customs of four continents

For four years during the 1970s Ted Simon rode a motorcycle around the world, something no-one had ever done before. He described his adventures first in regular bulletins for The Sunday Times and then, after his return, in *Jupiter's Travels*, a book that has become revered as a classic of travel writing. Published by Penguin, *Jupiter's Travels* has sold nearly a million copies in the intervening years and has remained in print throughout that time, remaining a strong seller even today. Ted Simon took a decent SLR camera on the trip, but only a handful of his several thousand color photographs were included in *Jupiter's Travels*. These are now included in the book published to coincide with the 40th anniversary of his ground breaking trip.

Riding High is packed with untold episodes from the Jupiter journey of Ted Simon's book *Jupiter's Travels*: his confrontations with a murderous military in Chile, his farcical arrest in India, bizarre customs in Thailand and Malaysia, his hilarious entanglements with a bottle of bad Dubonnet in Ecuador, and many more. Simon contrasts them with the touching and turbulent events that followed his return to domesticity, and explains what became of him in 'life after travel.'

Autobiography

This adventurous work records Robert Edison Fulton's solo round-the-world tour on a two-cylinder Douglas motorcycle between July, 1932 and December, 1933. First published in 1937.

In 1982, at the age of just twenty-three and halfway through her architecture studies, Elspeth Beard left her family and friends in London and set off on a 35,000-mile solo adventure around the world on her 1974 BMW R60/6. Reeling from a recent breakup and with only limited savings from her pub job, a tent, a few clothes and some tools, all packed on the back of her bike, she was determined to prove herself. She had ridden bikes since her teens and was well travelled. But nothing could prepare her for what lay ahead. When she returned to London nearly two and a half years later she was stones lighter and decades wiser. She'd ridden through unforgiving landscapes and countries ravaged by war, witnessed civil uprisings that forced her to fake documents, and fended off sexual attacks, biker gangs and corrupt police convinced she was trafficking drugs. She'd survived life-threatening illnesses, personal loss and brutal accidents that had left permanent scars and a black hole in her memory. And she'd fallen in love with two very different men. In an age before email, the internet, mobile phones, satnavs and, in some parts of the world, readily available and reliable maps, Elspeth achieved something that would still seem remarkable today. Told with honesty and wit, this is the extraordinary and moving story of a unique and life-changing adventure.

Jeremy Kroeker is a Mennonite with a motorcycle. He doesn't have a funny beard and he's never even driven a buggy, but his family hails from the same Mennonite community that Miriam Toews fictionalized in *A Complicated Kindness*. From childhood through college, Kroeker attended Christian schools where he learned to think critically back to predetermined

conclusions. Years later, when his faith begins to unravel, Kroeker stops short of tossing it all aside, choosing instead to leave every unanswered question hanging there on the edge of his mind. He might have gotten away with it, too, except for a drunken resolution that forces the issue of God back into his life. In the fall of 2007, Kroeker decides to ride his motorcycle across Europe and into the theocratic nation of Iran... a nation ruled by God. In the end, Kroeker finds himself on a forbidden visit to the holiest Muslim shrine in all of Iran. Once inside, invisible hands reach into Kroeker's chest and rip from his heart a sincere prayer, his first in many years. And God hears that prayer. For before Kroeker can escape Mashhad, God steals into his hotel room one night to threaten him with death. At least, that's one way to look at it. Throughout the narrative, Kroeker swings from dogmatic belief in God to overwhelming doubt before finally deciding that the key to approaching God is humility. He understands that uncertainty is not only an acceptable state of mind when considering the Divine, but it is necessary. He will always fear God. But who knows? Perhaps if he keeps riding, one of these days God will speak clearly. And that frightens him, too.

'A highly readable and spiritually uplifting book about a dream come true' Wanderlust 'Touching and memorable ... one for armchair travellers and bike freaks' Daily Mail From London to New York, Ewan and Charley chased their shadows through Europe, the Ukraine, Kazakhstan, Mongolia and Russia, across the Pacific to Alaska, then down through Canada and America. But as the miles slipped beneath the tyres of their big BMWs, their troubles started. Exhaustion, injury and accidents tested their strength. Treacherous roads, unpredictable weather and turbulent politics challenged their stamina. They were chased by paparazzi in Kazakhstan, courted by men with very large guns in the Ukraine, hassled by the police, and given bulls' testicles for supper by Mongolian nomads. And yet despite all these obstacles they managed to ride more than twenty thousand miles in four months, changing their lives forever in the process. As they travelled they documented their trip, taking photographs, and writing diaries by the campfire. Long Way Round is the result of their adventures - a fascinating, frank and highly entertaining travel book about two friends riding round the world together and, against all the odds, realising their dream.
