Returning to Los Angeles from New York, Clay, now a successful screenwriter, is casting his new movie. Soon he is running with his old circle of friends through L.A.'s seedy side. Set in Los Angeles in the early 1980's, this coolly mesmerizing novel—now a timeless classic—is a raw, powerful portrait of a lost generation who have experienced sex, drugs, and disaffection at too early an age. They live in a world shaped by casual nihilism, passivity, and too much money in a place devoid of feeling or hope. When Clay comes home for Christmas vacation from his Eastern college, he re-enters a landscape of limitless privilege and absolute moral entropy, where everyone drives Porsches, dines at Spago, and snorts mountains of cocaine. He tries to renew feelings for his girlfriend, Blair, and for his best friend from high school, Julian, who is careering into hustling and heroin. Clay's holiday turns into a dizzying spiral of desperation that takes him through the relentless parties in glitzy mansions, seedy bars, and underground rock clubs and also into the seamy world of L.A. after dark. Look for Bret Easton Ellis's new novel, *The Shards*, coming in January.

The basis of the major motion picture starring Billy Bob Thornton, Kim Basinger and Mickey Rourke, *The Informers* is a seductive and chillingly nihilistic novel, in which Bret Easton Ellis, returns to Los Angeles, the city whose moral badlands he portrayed so unforgettably in *Less Than Zero*. This time is the early eighties. The characters go to the same schools and eat at the same restaurants. Their voices enfold us as seamlessly as those of DJs heard over a car radio. They have sex with the same boys and girls and buy from the same dealers. In short, they are connected in the only way people can be in that city. Dirk sees his best friend killed in a desert car wreck, then rifles through his pockets for a last joint before the ambulance comes. Cheryl, a wannabe newscaster, chides her future stepdaughter, "You're tan but you don't look happy." Jamie is a clubland carnivore with a taste for human blood. As rendered by Ellis, their interactions compose a chilling, fascinating, and outrageous descent into the abyss beneath L.A.'s gorgeous surfaces. Own it, snowflakes: you've lost everything you claim to hold dear. *White* is Bret Easton Ellis's first work of nonfiction. Already the bad boy of American literature, from *Less Than Zero* to *American Psycho*, Ellis has also earned the wrath of right-thinking people everywhere with his provocations on social media, and here he escalates his admonishment of received truths as expressed by today's version of "the left." Eschewing convention, he embraces views that will make many in

literary and media communities cringe, as he takes aim at the relentless anti-Trump fixation, coastal elites, corporate censorship, Hollywood, identity politics, Generation Wuss, "woke" cultural watchdogs, the obfuscation of ideals once both cherished and clear, and the fugue state of American democracy. In a young century marked by hysterical correctness and obsessive fervency on both sides of an aisle that's taken on the scale of the Grand Canyon, White is a clarion call for freedom of speech and artistic freedom. "The central tension in Ellis's art—or his life, for that matter—is that while [his] aesthetic is the cool reserve of his native California, detachment over ideology, he can't stop generating heat.... He's hard-wired to break furniture."—Karen Heller, *The Washington Post* "Sweating with rage . . . humming with paranoia."—Anna Leszkiewicz, *The Guardian* "Snowflakes on both coasts in withdrawal from Rachel Maddow's nightly Kremlinology lesson can purchase a whole book to inspire paroxysms of rage . . . a veritable thirst trap for the easily microaggressed. It's all here. Rants about Trump derangement syndrome; MSNBC; #MeToo; safe spaces."—Bari Weiss, *The New York Times*

From the bestselling author of *Less Than Zero* and *American Psycho*, *The Rules of Attraction* is a startlingly funny, kaleidoscopic novel about three students at a small, affluent liberal-arts college in New England with no plans for the future--or even the present--who become entangled in a curious romantic triangle. Bret Easton Ellis trains his incisive gaze on the kids at self-consciously bohemian Camden College and treats their sexual posturings and agonies with a mixture of acrid hilarity and compassion while exposing the moral vacuum at the center of their lives. Lauren changes boyfriends every time she changes majors and still pines for Victor who split for Europe months ago and she might or might not be writing anonymous love letter to ambivalent, hard-drinking Sean, a hopeless romantic who only has eyes for Lauren, even if he ends up in bed with half the campus, and Paul, Lauren's ex, forthrightly bisexual and whose passion masks a shrewd pragmatism. They waste time getting wasted, race from Thirsty Thursday Happy Hours to Dressed To Get Screwed parties to drinks at *The Edge of the World* or *The Graveyard*. *The Rules of Attraction* is a poignant, hilarious take on the death of romance. The basis for the major motion picture starring James Van Der Beek, Shannyn Sossamon, Jessica Biel, and Kate Bosworth. Look for Bret Easton Ellis ' s new novel, *The Shards*, coming in January.

Bret Ellis, the narrator of *Lunar Park*, is the bestselling writer whose first novel *Less Than Zero* catapulted him to international stardom while he was still in college. In the years that followed he found himself adrift in a world of wealth, drugs, and fame, as well as dealing with the unexpected death of his abusive father. After a decade of decadence a chance for salvation arrives; the chance to reconnect with an actress he was once involved with, and their son. But almost immediately his new life is threatened by a freak sequence of events and a bizarre series of murders that all seem to connect to Ellis ' s past. His attempts to save his new world from his own demons makes *Lunar Park* Ellis ' s most suspenseful novel. In this chilling tale reality, memoir, and fantasy combine to create not only a fascinating version of this most controversial writer but also a deeply moving novel about love and loss, parents and children, and ultimately forgiveness. Look for Bret Easton Ellis ' s new novel, *The Shards*, coming in January.

This book reads the whole of Bret Easton Ellis's oeuvre to date from *Less Than Zero* to *Imperial Bedrooms* and asks to what extent Ellis's novels can be read as critiquing the cultural moments of which they are a part. Ellis's work can be thought of as an enactment of a process of underwriting contemporary culture, which offers new paths of understanding and ways of critiquing the contemporary author's place in the relations of production.

The author of *American Psycho* and *Less Than Zero* continues to shock and haunt us with his incisive and brilliant dissection of the modern world. In his most ambitious and gripping book yet, Bret Easton Ellis takes our celebrity obsessed culture and increases the volume exponentially. Set in 90s Manhattan, Victor Ward, a model with perfect abs and all the right friends, is seen and photographed everywhere, even in places he hasn't been and with people he doesn't know.
