A less-expensive grayscale paperback version is available. Search for ISBN 9781680922936. Principles of Accounting is designed to meet the scope and sequence requirements of a two-semester accounting course that covers the fundamentals of financial and managerial accounting. This book is specifically designed to appeal to both accounting and non-accounting majors, exposing students to the core concepts of accounting in familiar ways to build a strong foundation that can be applied across business fields. Each chapter opens with a relatable real-life scenario for today's college student. Thoughtfully designed examples are presented throughout each chapter, allowing students to build on emerging accounting knowledge. Concepts are further reinforced through applicable connections to more detailed business processes. Students are immersed in the "why" as well as the "how" aspects of accounting in order to reinforce concepts and promote comprehension over rote memorization.

This book is primarily intended for anyone taking the Caribbean Advance Proficiency Examinations in Accounting Unit 2, Paper 1. It will also be useful for those who are studying for other Multiple Choice Examinations in Cost and Management Accounting at an Intermediate Level. The book contains over 450 questions arranged into eleven chapters, each covering a different section and topic of the Syllabus. The questions are structured to increase your understanding and give you an opportunity to apply the accounting concepts you have learnt. It will also provide valuable familiarity with the type of questions you are likely to encounter in the examination. The book is meant to be used along with a textbook. I recommend the use of the CAPE Accounting Unit Two, Study Guide, since the chapter headings are similar to the topical headings in this book. The book will also be useful for revision.

The student CD-ROM contains four items to help students pass their managerial accounting class:1.) Tutorial - contains true/false questions, multiple choice exercises, and interactive exercises; as you answer each question the software provides feedback for questions answered incorrectly and provides a running tally of the percentage you have answered correctly.2.) NetProphet III Demo - activity-based management software created by Sapling Corporation. Corporations such as Amoco, Ralston Purina, etc., use this software to help them manage costs.3.) NetScore Demo - a performance measurement software product developed by the Sapling Corporation. Corporations such as Barclays PLC use this product to help them identify problems with their
