Manifest destiny - Wikipedia

Well, no. Manifest Destiny, as such, was a movement aimed more at the Western element in North America - not only the successor states of the old Spanish empire, but also Britain's remaining colonies in Canada and the Caribbean - than at any Indian.

Manifest Destiny and Mission in American History. : Before this book first appeared in 1963, most historians wrote as if the continental expansion of the United States were inevitable. "What is...

Manifest Destiny and Mission in American History: A ...

"Manifest destiny" or "natural dominion" or "rapid expansion" or such phrases become jingoist tags to fly on banners of hegemony over the cultural, political steamroller. He traces the Divine Wind of the European expansion that consumed and assimilated (or placed on reservations) any peoples or cultures in its path: Mexico, Great Britain, and Russia for other Empire building nations, but also the Indigenous Peoples.

Manifest Destiny and Mission in American History by ...

Manifest Destiny, in U.S. history, the supposed inevitability of the continued territorial expansion of the boundaries of the United States westward to the Pacific and beyond. Before the American Civil War (1861-65), the idea of Manifest Destiny was used to validate continental acquisitions in the Oregon Country, Texas, New Mexico, and California. The purchase of Alaska after the Civil War briefly revived the concept of Manifest Destiny, but it most evidently became a renewed force in U.S.

Manifest Destiny | Summary, Examples, Westward Expansion ...

Manifest Destiny was the reason for the revived interest in territorial expansion. With a sense of mission, people were tempted by the boundless tracts and sparsely settled land lying just beyond the borders of their country. There was also the growing desire to develop trade with the Far East. Going West would eventually open new trade routes.

The Components Of Manifest Destiny < Manifest Destiny ...

Early California: pre-1769-1840s: Manifest Destiny. Born in 1813 in Georgia, John Fremont played a critical role in the expansion of the United States during the mid 19th century. This role was facilitated by his marriage to Jessie Benton, daughter of Missouri senator Thomas Benton. Senator Benton was an advocate of Manifest Destiny, a belief that saw the mission of Anglo-Saxon Americans to expand the United States across North America.

Early California: pre-1769-1840s: Manifest Destiny ...

Manifest Destiny was a doctorine belief in the 19th Century that American settlers were destined to settle the entire North American continent and to remake to West agrarian. In which those who live simple, rural lives were superior to those who lived in urban areas.

Manifest Destiny | L.A. Noire Wiki | Fandom

On Manifest Destiny itself, two older books, Albert K. Weinberg, Manifest Destiny (1958) and Frederick Merk, Manifest Destiny and Mission in America (1963) remain useful. But see also Sam Haynes and Christopher Morris, eds. Manifest Destiny and Empire (1977).

The Religious Origins of Manifest Destiny, Divining ...

Manifest Destiny and Mission in American History. Term Paper. In his Preface, Frederick Merk offers an explanation of expansionism throughout history; "Expansionism," he writes, as a thesis to his book, "is usually associated with crusading ideologies" (Merk, 1963, viii).

Term Paper: Manifest Destiny and Mission in American ...

In the 19th and early 20th centuries, the United States made a significant effort pushing westward into new territories, motivated by the driving force of "manifest destiny," or the belief that American settlers were destined to expand across North America.

CommonLit | Manifest Destiny | Free Reading Passages and ...

Manifest destiny refers to a belief and a sustained racial and imperialist project that the Christian God ordained United States settlers and land speculators to occupy the entire North American continent and claim territorial, political, and economic sovereignty over its people and resources.

Manifest Destiny - Sociology of Race - iResearchNet

What Was Manifest Destiny? Manifest destiny was the popularly held belief in the 19th century that US settlers were destined by God to expand the country's territory. The term was first published in the United States Magazine and Democratic Review in the summer of 1845. Historians largely agree that the article was written by the magazine's editor, John L. O'Sullivan, who stated it was the manifest destiny of the settlers to freely spread and develop the entire continent (given to them ...

What Is Manifest Destiny? - WorldAtlas

By the 1840s Manifest Destiny had come to encompass a broad spectrum of expansionist rationalizations. Virtue, mission, geographic predestination, and national destiny were fused into a powerful, if often disingenuous argument for aggressive territorial expansion and commercial growth that undergirded and informed western migration.

Manifest Destiny - Essential Civil War Curriculum

Manifest destiny was used by Democrats in the 1840s to justify the war with Mexico. While many writers focus primarily on U.S. expansionism when discussing manifest destiny, others see a broader expression of belief in the country's "mission" in the world.

Manifest Destiny | Boundless US History

Manifest destiny was an American imperialist cultural belief, a concept that the American Anglo-Saxon race "was predominantly a separate and innately superior race, destined to bring good ...

MANIFEST DESTINY OR LEBENSFRAM - Daily Times

Manifest Destiny as an Extension of Mission and a Providential Plan The late professor Albert Weinberg of Johns Hopkins University identified Manifest Destiny as an expansionist phase that can be traced to John Winthrop's "City on a Hill."

John O'Sullivan and Manifest Destiny | World History

There are three basic themes to manifest destiny: The special virtues of the American people and their institutions The mission of the United States to redeem and remake the west in the image of agrarian America An irresistible destiny to accomplish this essential duty

Before this book first appeared in 1963, most historians wrote as if the continental expansion of the United States were inevitable. "What is most impressive," Henry Steele Commager and Richard Morris declared in 1956, "is the ease, the simplicity, and seeming inevitability of the whole process." The notion of inevitability, however, is perhaps only a secular variation on the theme of the expansionist editor John L. O'Sullivan, who in 1845 coined one of the most famous phrases in American history when he wrote of "our manifest destiny to overspread the continent allotted by Providence for the free development of our yearly multiplying millions." Frederick Merk rejected inevitability in favor of a more contingent interpretation of American expansionism in the 1840s. As his student Henry May later recalled, Merk "loved to get the facts straight." --From the Foreword by John Mack Faragher

As the population of the 13 colonies grew and the economy developed, the desire to expand into new land increased. Nineteenth-century Americans believed it was their divine right to expand their territory from the Atlantic Ocean to the Pacific. "Manifest destiny," a phrase first used in 1839 by journalist John O'Sullivan, embodied the belief that God had given the people of the United States a mission to spread a republican democracy across the continent. Advocates of manifest destiny were determined to carry out their mission and instigated several wars, including the war with Mexico to win much of what is now the southwestern United States. In Manifest Destiny: Westward Expansion, learn how this philosophy to spread out across the land shaped our nation.

Excerpt from Woman's Manifest Destiny and Divine Mission, Vol. 1 of 4 This is so wide a subject, that what I can say upon it will be hardly more than suggestive. Let us go back to those times of which faint traditions are preserved in so many nations. They are the traditions of the Eden Age, the Golden Age.. About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books. Find more at www.forgottenbooks.com This book is a reproduction of an important historical work. Forgotten Books uses state-of-the-art technology to digitally reconstruct the work, preserving the original format whilst repairing imperfections present in the aged copy. In rare cases, an imperfection in the original, such as a blemish or missing page, may be replicated in our edition. We do, however, repair the vast majority of imperfections successfully; any imperfections that remain are intentionally left to preserve the state of such historical works.

When John O'Sullivan wrote in 1845, "...the right of our manifest destiny to overspread and to possess the whole of the continent which Providence has given us for the development of Liberty and federated self-government entrusted to us", he coined a phrase that aptly describes how Americans from colonial days and into the twentieth century perceived their privileged role. Anders Stephanson examines the consequences of this idea over more than three hundred years of history, as Manifest Destiny drove the westward settlement to the Pacific, defining the stubborn belief in the superiority of white people and denigrating Native Americans and other people of color. He considers it a component in Woodrow Wilson's campaign "to make the world safe for democracy" and a strong factor in Ronald Reagan's administration.
