Thousands have died and all that stands between human extinction and the invaders are the remnants of the colonial military. Connor must find a way to rally the colony using every scrap of ingenuity to stop the invaders. But will he succeed when he finds himself pitted against mankind's ultimate enemy? This could be mankind's final hour ... or its greatest victory.

For years, Connor and others in the colony have unraveled the mysteries of New Earth and the global catastrophes that nearly destroyed its previous inhabitants. Their work led to the discovery of other worlds beyond the known universe. It became clear that many of those worlds had been attacked by an interdimensional invader that left untold amounts of manipulation, hardship, and annihilation in its wake. It's only a matter of time before the colony becomes the next target. When a trusted ally requests Connor's help to investigate claims of new widespread invasions, he has no choice but to help. Connor believes that the only way to stop the invaders is to find their homeworld, but its location is a closely guarded secret. Many civilizations sought to discover the invader's homeworld and none have succeeded.
