The \$12 billion self-help industry is under constant attack for pedaling false miracles to duped believers. But sociologist Albert Amao demonstrates that Americans eagerly support self-help books, seminars, and programs because, under the right conditions, these things work. Sociologist Albert Amao analyzes the accuracy of self-help and positive-thinking claims in this groundbreaking--and wholly unexpected--exploration of what works, what doesn't, and why. "Regarding my personal experience," Amao writes, "I can testify that positive thinking and positive action have worked wonderfully for me. Born in a poor Latin-American country into a very impoverished family with both parents practically illiterate, I was the oldest of five children. I started working when I was six years old, shining shoes and selling newspapers to help my family. Nobody then would have believed that I would be able to finish high school. Nevertheless, I was able to do it going to night school, which allowed me to be admitted at the San Marcos University in Lima to get my Ph.D. in sociology. All these things were possible because, when I was teenager, I had access to New Thought," or positive-thinking philosophy. Contrary to the critics who blithely dismiss self-help methods, or the New Age gurus who sell it them as miracles, Amao--writing with sobriety, scholarship, and drawing on deep personal experience--explores the conditions under which self-help is authentic.

There is a battle going on with millions of victims trapped in the struggle and no apparent way out. Church leaders and pastors are often called in to help, but these leaders don't exactly know what to do. Pure Desire is the answer to this desperate cry for help from men and women who have tried to build sexual holiness in their lives and failed--and failed--and failed. This book is also for the shattered souls of mates who are puzzled, shamed and wounded by their husband's or wife's sexual bondage and secret life. And, this book is for the Church to come alongside those who have come to them for help. Here is hope for establishing healthy personal boundaries. It will give the soul in Christ an anchor amid rough waters and a new appreciation for Christ's healing power and presence. The time is now to begin walking in victory and helping others to do the same.

Chef Howard Gifford develops culinary masterpieces at his Gourmet De-Lites School of Cooking in Salt Lake City, and he introduces recipes that actually readjust the way the body burns the fat it consumes, with minimal preparation time and maximum flavor and nutritional value. Color photos.

We see a lot but do we observe what we see to gain insights? When we do not observe what we see, seeing something through our mental eyes becomes very remote. Insight is seeing something through our mental eyes. Definitely, this book reduces the distance between seeing things through physical and mental eyes. Most of the insights have emotions and thoughts that have day to day appeals. The readers can associate themselves with the insights and identify themselves in the situations, events, and characters presented in these insights. The

readers can get insights into ten Ps. Perception, performance, perseverance, personality, perspective, persuasion, philosophy, power, psychology, and preferences. Life is intended to be insightful. Everyday experiences make one's life insightful.

How to Build Self-Discipline and Become More Successful (365 Powerful Thoughts From the World's Brightest Minds) Its lack makes you unable to achieve your goals. Without it, you'll struggle to lose weight, become fit, wake up early, work productively and save money. Not embracing it in your everyday life means that you'll never realize your full potential. Ignoring it inevitably leads to regret and feeling sad about how more successful and incredible your life could have been if you had only decided to develop it. What is this powerful thing? Self-discipline. And if there's one thing that self-discipline is not, it's instant. It takes months (if not years) to develop powerful self-control that will protect you from impulsive decisions, laziness, procrastination, and inaction. You need to exhibit self-discipline day in, day out, 365 days in a year. What if you had a companion who would remind you daily to stay disciplined and persevere, even when the going gets tough? 365 Days With Self-Discipline is a practical, accessible guidebook for embracing more self-discipline in your everyday life. You'll learn how to do this through 365 brief, daily insights from the world's brightest minds, expanded and commented upon by bestselling personal development author Martin Meadows. This isn't just an inspirational book; most of the entries deliver practical suggestions that you can immediately apply in your life to become more disciplined. Here are just some of the things you'll learn: - why living your life the hard way makes it easy (and other suggestions from a successful entrepreneur and longevity scientist); - how to overcome your initial resistance and procrastination based on the remark made by one of the most renowned Renaissance men; - why, according to an influential neurosurgeon, it's key to see problems as hurdles instead of obstacles (and how to do that); - how to embrace an experimental mindset to overcome a fear of failure (a technique recommended by a successful entrepreneur and musician); - how to quit in a smart way, according to a world-famous marketing expert; - how to improve your productivity at work by implementing the advice from one of the most successful detective fiction writers; - how a trick used by screenwriters can help you figure out the first step needed to get closer to your goals; - how to maintain self-discipline in the long-term by paying attention to what a bestselling non-fiction author calls necessary to survive and thrive; - how your most common thoughts can sabotage your efforts (and other valuable insights from one of the most respected Roman Stoics); and - how to overcome temporary discouragement and look at your problems from the proper perspective, as suggested by a well-known public speaker and author. If you're ready to finally change your life and embrace self-discipline - not only for the next 365 days, but for the rest of your life - buy this book now and together, let's work on your success! Keywords: self-discipline handbook, self-control book, willpower book, success journal, mental resilience, become successful, achieve your goals
