The shots are taken with a wide range of cameras, and the emphasis is on getting results by improving your own skills, not wasting money on expensive equipment.

the classic literature of "Patriarchs' Zen"--often as "tea-ladies," bit players in the drama of male students' enlightenments; as "iron maidens," tough-as-nails women always jousting with their male counterparts; or women who themselves become "macho masters," teaching the same Patriarchs' Zen as the men do. Part II of this book presents a different view--a view of how women Zen masters entered Zen practice and how they embodied and taught Zen uniquely as women. This section examines many urgent and illuminating questions about our Zen grandmothers: How did it affect them to be taught by men? What did they feel as they trying to fit into this male practice environment, and how did their Zen training help them with their feelings? How did their lives and relationships differ from that of their male teachers? How did they express the Dharma in their own way for other female students? How was their teaching consistently different from that of male ancestors? And then part III explores how women's practice provides flexible and pragmatic solutions to issues arising in contemporary Western Zen centers.

They're about to be cut off from the outside world, and she's not sure she can handle the solitude or the darkness it brings out in her. Then a group of teens get stranded near the mansion during a blizzard. Seda has no choice but to offer them shelter, even though she knows danger lurks in the dilapidated mansion—and in herself. And as the snow continues to fall, what Seda fears most is about to become her reality...
