This book is designed to meet the needs of both dental students and dentists by providing succinct and quickly retrievable answers to common dental questions. Students will find both that it clearly presents the particulars which should be familiar to every dentist and that it enables them to see the big picture and contextualize information introduced to them in the future. Practicing dentists, on the other hand, will employ the book as a daily reference to source information on important topics, materials, techniques, and conditions. The book is neither discipline nor specialty specific. The first part is wide ranging and covers the essentials of dental practice while the second part addresses individual specialties and the third is devoted to emergency dental treatment. Whether as a handy resource in the student s backpack or as a readily available tool on the office desk, this reference manual fills an important gap in the dental literature.

When two college co-eds on summer break are invited to a bondage-themed party at an expansive beachfront mansion by an attractive couple in their 30's, they are intrigued and decide to attend. Upon their arrival, not only are they placed in tight restraint, they are informed that they will be active participants in many different scenarios - whether they wish to or not. We follow Megan as she is separated from her friend Jill and put in different situations, each of which open her eyes to both new levels of discomfort, humiliation - and excitement. Megan cannot understand why she gets more and more aroused as she is used as a tool of sexual gratification by other men and women. Her protests (during the brief moments when her mouth is not stuffed by a gag) are ignored and her struggles are met with amused smiles, as she has no way to free herself. She only understands that the ropes, clamps, plugs, and other devices that decorate her voluptuous body give her more pleasure than pain as she is made to perform as others wish. Each situation progressively becomes more intense, with greater punishments driving Megan to the very point of orgasm, even as she continues to question the reasons for her arousal. Her tormentors, Ryan and Ellen, recognize

this, and push her harder and faster, to the point that she breaks down as she recognizes and accepts her submissive nature. After she has broken, they approach her and tell her that the true reason they brought her here will soon be revealed. Megan is confused...wasn't the point of bringing her here to teach about her desire to serve and be used by others? She is shocked when she finally learns the truth. The question is, how will she respond?
