Do the Right Thing. Grow Your Business. Profit Wisely. Using the principles in this book, Jeff Morrill built businesses from scratch in automotive retail, real estate, telecommunications, and insurance that generate over \$100,000,000 in annual revenue. His achievements in building flourishing, ethical companies have been featured in a variety of national media including USA Today, Entrepreneur Magazine, Automotive News, The Boston Globe, and others. That's because Jeff knows the secrets to building highly profitable businesses: how to create systems and procedures that produce profits automatically by focusing on doing the right thing every time. For the first time, Jeff shares all of those secrets in one place. You really can outsell your competitors without selling out your integrity. Contrary to popular belief, taking the high road really is the straightest path to the bottom line. You'll learn how to earn more profits consistently in business while staying true to your values.

The entrepreneurial mindset that built Subaru is an approach to business that sees every day as one of life or death, win or lose. Maybe we didn't manage in that graphic sense, but we brought an urgency and bias for action that seemed to personify living and dying some days, that spoke to the old sales adage: "You're only as good as your last sales report and, if it was bad, you better have a plan to turn it around." It is the mantra for those who dream of starting their own business as well as the CEOs like me who had to learn on the job where their decisions put at risk their company and their employees every day they came to work.
