This book shares the wisdom of many communities in many locales over the last half century.

Evangelism Handbook is a thorough guide to the daily ministry of sharing Christ, showing particular concern about how the Western Church practices evangelism its failure to reach the hardcore unchurched and its trend of losing young people faster than it can win them. The author organizes his research and experience in effective modern evangelism into four clear and actionable categories: Biblical (with chapters on Jesus, Paul, Acts), Spiritual (the Holy Spirit, prayer, and other disciplines), Intentional (leadership, creativity, worship), and Missional (church planting, reaching the unchurched).

**LIVING TOGETHER IN A WORLD  
FALLING APART** The classic "handbook  
on Christian community," with updated

reflections By Dave and Neta Jackson

When **LIVING TOGETHER IN A**

**WORLD FALLING APART** was first  
published in 1974, tensions in society-an  
unpopular war, racial divisions, fearful  
economics, the seeming futility of

"success," and widespread alienation-were  
not addressed in most churches. Racism  
still thrived, worship meant three hymns  
and you're out, and relationships had  
deteriorated to weekly handshakes. But  
many believed-based on New Testament  
descriptions of the early church-that this  
couldn't be all God planned for his people.

These restless souls eagerly read about  
Dave and Neta Jackson's personal search  
as they experimented with household  
living and took a road trip visiting the crop

of emerging Christian communities around the country. Written in a breezy, candid manner, LIVING TOGETHER became not only a bestseller and classic "handbook on Christian community," but provided perhaps the only sociological snapshot of the many Christian communities from that era. Now, because many conditions in church and society are repeating themselves, interest in Christian community is reviving—whether through small groups, house churches, the emerging church movement, the new monasticism, or among Christians experimenting with communal living as a way to be more faithful, effective, and connected. This updated edition contains the original text of LIVING TOGETHER as well as many of the Jacksons' personal reflections and evaluations after living in Christian community for over 25 years, thereby providing nearly 30 percent new

How to research, visit, evaluate, and join  
the ecovillage or sustainable community

of your dreams. Finding community is as  
critical as obtaining food and shelter, since  
the need to belong is what makes us

human. The isolation and loneliness of  
modern life have led many people to

search for deeper connection, which has  
resulted in a renewed interest in

intentional communities. These intentional  
communities or ecovillages are an

appealing choice for like-minded people  
who seek to create a family-oriented and

ecologically sustainable lifestyle—a

lifestyle they are unlikely to find anywhere  
else. However, the notion of an intentional

community can still be a tremendous leap

for some—deterred perhaps by a misguided  
vision of eking out a hardscrabble

existence with little reward. In fact,

successful ecovillages thrive because of the combined skills and resources of their members. Finding Community presents a thorough overview of ecovillages and intentional communities and offers solid advice on how to research thoroughly, visit thoughtfully, evaluate intelligently, and join gracefully. Useful considerations include: Important questions to ask (of members and of yourself) Signs of a healthy (and not-so-healthy) community Cost of joining (and staying) Common blunders to avoid Finding Community provides intriguing possibilities to readers who are seeking a more cooperative, sustainable, and meaningful life. For all the Christians facing conflict between JesusÆ words and their own lives, for all the non-Christians who feel they rarely see JesusÆ commands reflected in the choices of his followers, Red Letter Revolution is a blueprint for a new kind of Christianity, one consciously centered on the words of Jesus, the BibleÆs ôred letters.ö Framed as a captivating dialogue between Shane Claiborne, a progressive young evangelical, and Tony Campolo, a

seasoned pastor and professor of sociology, Red Letter Revolution is a life-altering manifesto for skeptics and Christians alike. It is a call to a lifestyle that considers first and foremost JesusÆ explicit, liberating message of sacrificial love. Shane and Tony candidly bring the words of Jesus to bear on contemporary issues of violence, community, Islam, hell, sexuality, civil disobedience, and twenty other critical topics for people of faith and conscience today. The resulting conversations reveal the striking truth that Christians guided unequivocally by the words of Jesus will frequently reach conclusions utterly contrary to those of mainstream evangelical Christianity. If the Jesus who speaks to you through the Gospels is at odds with the Christian culture you know, if you have ever wanted to stand up and say, ôI love Jesus, but thatÆs not me,ö Red Letter Revolution

Endorsements: "This book, by a young and an elderly Christian, will help you decide how we Christians could change the world if we took the red letter words of Jesus literally and seriously."

An intentional community is a group of people who have chosen to live or work together in pursuit of a common ideal or vision. An ecovillage is a village-scale intentional community that intends to create, ecological, social, economic, and spiritual sustainability over several generations. The 90s saw a revitalized surge of interest in intentional communities and ecovillages in North America: the number of intentional communities listed in the Communities Directory increased 60 percent between 1990 and 1995. But only 10 percent of the actual number of forming-community groups actually succeeded. Ninety percent failed, often in conflict and heartbreak.

After visiting and interviewing founders of dozens of successful and failed communities, along with her own forming-community experiences, the author concluded that "the successful 10 percent" had all done the same five or six things right, and "the unsuccessful 90 percent" had made the same handful of mistakes. Recognizing that a wealth of wisdom were contained in these experiences, she set out to distill and capture them in one place. *Creating a Life Together* is the only resource available that provides step-by-step, practical "how-to" information on how to launch and sustain a successful ecovillage or intentional community. Through anecdotes, stories, and cautionary tales about real communities, and by profiling seven successful communities in depth, the book examines "the successful 10 percent" and why 90 percent fail; the role of community founders; getting a

Over the past thirty years there has been a boom in small groups, both in society at large and within the church. From Bible studies to MOPS to Alcoholics Anonymous, it is estimated that four out of ten Americans belong to a small group that meets regularly for the care and support of its members. But are these groups creating true, biblical community, or do they settle for self-focus and

personal gain? Julie Gorman has studied small groups for decades and presents her analysis, insights, and suggestions in *Community That Is Christian*, an essential resource for building community in church-based small groups. This comprehensive book serves both as a text for those who equip leaders or lead small groups and as an interactive manual for small-group members, helping them transform their relationships into Christ-centered community. The book begins with biblical support for coming together, contrasting it with our often individualistic mind-set that undermines community. Gorman then sets forth the goals of community and describes the process of transformation. She draws from extensive research to address the why and the how of small-group ministry, giving special attention to gender and cultural distinctions. *Community That Is Christian* provides

Many young idealists, after a few failures, burn out and return to status quo lives. Not so with the seven radicals in this book, who met in an interracial house church and intentional community on Chicago's West Side during the civil rights era. Here you will make the acquaintance of a Church of the Brethren pastoral couple who tried to bring communal life to the black ghetto; a fashionable socialite who trashed her curlers and joined the simple life; an elite Stanford graduate who cast his lot with a bus full of black teens on an epic ride to Washington, DC, to hear MLK's "I Have a Dream" speech; two ethnic-Mennonite women who became community leaders and elders during a

male-dominated era; and a painfully shy “geek” awakened to the traumas of racism by five days in the Albany, Georgia, jail. Now, in their seventies, eighties, and nineties, these veterans of community witness to the possibility of radical life conversions, engagement with the hard, slow work of racial reconciliation that learns from mistakes and does not quit. This book concludes with the invitation to the joyful path of becoming who God made us to be—saints.
