John James Todd is born in Scotland in 1899, and The New Confessions follows his life from childhood to a boarding school, to the Great War, to his work in silent film in Germany, to the Second World War, to America up to the 1970s. Todd's life's work is to adapt Rousseau's Confessions into film. In some ways, this novel can be introduced to prospective readers as a Forrest Gump story--history from the point of view of one man's life.

Perkins, a former chief economist at a Boston strategic-consulting firm, confesses he was an "economic hit man" for 10 years, helping U.S. intelligence agencies and multinationals cajole and blackmail foreign leaders into serving U.S. foreign policy and awarding lucrative contracts to American business.

In this extraordinary novel, William Boyd presents the autobiography of John James Todd, whose uncanny and exhilarating life as one of the most unappreciated geniuses of the twentieth century is equal parts Laurence Stern, Charles Dickens, Robertson Davies, and Saul Bellow, and a hundred percent William Boyd. From his birth in 1899, Todd was doomed. Emerging from his angst-filled childhood, he rushes into the throes of the twentieth century on the Western Front during the Great War, and quickly changes his role on the battlefield from cannon fodder to cameraman. When he becomes a prisoner of war,

he discovers Rousseau's Confessions, and dedicates his life to bringing the memoir to the silver screen. Plagued by bad luck and blind ambition, Todd becomes a celebrated London upstart, a Weimar luminary, and finally a disgruntled director of cowboy movies and the eleventh member of the Hollywood Ten. Ambitious and entertaining, Boyd has invented a most irresistible hero.

Jack Sheppard and Edgeworth Bess were the most notorious thieves, jailbreakers, and lovers of eighteenth-century London. Yet no one knows the true story; their confessions have never been found. Until now. Reeling from heartbreak, a scholar named Dr. Voth discovers a long-lost manuscript—a gender-defying exposé of Jack and Bess’s adventures. Is *Confessions of the Fox* an authentic autobiography or a hoax? But his curse is also his blessing: as he gets older, his body grows younger, so each successive time he finds his Alice, she does not recognize him. She takes him for a stranger, and Max is given another chance at love. Set against the historical backdrop of San Francisco at the turn of the twentieth century, Max's life and confessions question the very nature of time, of appearance and reality, and of love itself. Confessions of Max Tivoli reveals the world through the eyes of a "monster," a being who confounds the very certainties by which we live and in doing so embodies in extremis what it means to be human.

"This eloquent book inspires us to create a new reality of what it means to be humans on this magnificent planet." –Deepak Chopra This all happened while Perkins was a Peace Corps volunteer. Then he became an "economic hit man" (EHM), convincing developing countries to build huge projects that put them perpetually in debt to the World Bank and

other US-controlled institutions. Although he'd learned in business school that this was the best model for economic development, he came to understand it as a new form of colonialism. When he later returned to the Amazon, he saw the destructive impact of his work. But a much more profound experience emerged: Perkins was inspired by a previously uncontacted Amazon tribe that “touched its jaguar” by uniting with age-old enemies to defend its territory against invading oil and mining companies. For the first time, Perkins details how shamanism converted him from an EHM to a crusader for transforming a failing
