Bruce Macfarlane, the author of Intellectual Leadership in Higher Education, describes 'professor' as 'a slippery term'. That's because in the UK it means something quite different from what it denotes in North America. In North America 'professor' and 'professorship' are generic labels applied to all academics employed to research and teach in universities.

The definitive career guide for grad students, adjuncts, post-docs and anyone else eager to get tenure or turn their Ph.D. into their ideal job Each year tens of thousands of students will, after years of hard work and enormous amounts of money, earn their Ph.D. And each year only a small percentage of them will land a job that justifies and rewards their investment. For every comfortably tenured professor or well-paid former academic, there are countless underpaid and overworked adjuncts, and many more who simply give up in frustration. Those who do make it share an important asset that separates them from the pack: they have a plan. They understand exactly what they need to do to set themselves up for success. They know what really moves the needle in academic job searches, how to avoid the all-too-common mistakes that sink so many of their peers, and how to decide when to point their Ph.D. toward other, non-academic options. Karen Kelsky has made it her mission to help readers join the select few who get the most out of their Ph.D. As a former tenured professor and department head who oversaw numerous academic job searches, she knows from experience exactly what gets an academic applicant a job. And as the creator of the popular and widely respected advice site The Professor is In, she has helped countless Ph.D.'s turn themselves into stronger applicants and land their dream careers. Now, for the first time ever, Karen has poured all her best advice into a single handy guide that addresses the most important issues facing any Ph.D., including: -When, where, and what to publish -Writing a foolproof grant application -Cultivating references and crafting the perfect CV -Acing the job talk and campus interview -Avoiding the adjunct trap

A guide for grad students and academics who want to find fulfilling careers outside higher education. With the academic job market in crisis, 'Leaving Academia' helps grad students and academics in any scholarly field find satisfying careers beyond higher education. The book offers invaluable advice to visiting and adjunct instructors ready to seek new opportunities, to scholars caught in "tenure-trap" jobs, to grad students interested in nonacademic work, and to committed academics who want to support their students and contingent colleagues more effectively. Providing clear, concrete ways to move forward at each stage of your career change, even when the going gets tough, 'Leaving Academia' is both realistic and hopeful.

In The Slow Professor, Maggie Berg and Barbara K. Seeber discuss how adopting the principles of the Slow movement in academic life can counter the erosion of humanistic education.

Graduate schools churn out tens of thousands of Ph.D.'s and M.A.'s every year. Half of all college courses are taught by adjunct faculty. The chances of an academic landing a tenure-track job seem only to shrink as student loan and credit card debts grow. What's a frustrated would-be scholar to do? Can he really leave academia? Can a non-academic job really be rewarding—and will anyone want to hire a grad-school refugee? With "So What Are You Going to Do with That?" Susan Basalla and Maggie Debelius—Ph.D.'s themselves—answer all those questions with a resounding "Yes!" A witty, accessible guide full of concrete advice for anyone contemplating the jump from scholarship to the outside world, "So What Are You Going to Do with That?" covers topics ranging from career counseling to interview etiquette to translating skills learned in the academy into terms an employer can understand and appreciate. Packed with examples and stories from real people who have successfully made this daunting—but potentially rewarding—transition, and written with a deep understanding of both the joys and difficulties of the academic life, this fully revised and up-to-date edition will be indispensable for any graduate student or professor who has ever glanced at her CV, flipped through the want ads, and wondered, "What if?" "I will absolutely be recommending this book to our graduate students exploring their career options—I'd love to see it on the coffee tables in department lounges!"—Robin B. Wagner, former associate director for graduate career services, University of Chicago

Is a career as a professor the right choice for you? If you are a graduate student, how can you clear the hurdles successfully and position yourself for academic employment? What's the best way to prepare for a job interview, and how can you maximize your chances of landing a job that suits you? What happens if you don't receive an offer? How does the tenure process work, and how do faculty members cope with the multiple and conflicting day-to-day demands? With a perpetually tight job market in the traditional academic fields, the road to an academic career for many aspiring scholars will often be a rocky and frustrating one. Where can they turn for

good, frank answers to their questions? Here, three distinguished scholars—with more than 75 years of combined experience—talk openly about what's good and what's not so good about academia, as a place to work and a way of life. Written as an informal conversation among colleagues, the book is packed with inside information—about finding a mentor, avoiding pitfalls when writing a dissertation, negotiating the job listings, and much more. The three authors' distinctive opinions and strategies offer the reader multiple perspectives on typical problems. With rare candor and insight, they talk about such tough issues as departmental politics, dual-career marriages, and sexual harassment. Rounding out the discussion are short essays that offer the "inside track" on financing graduate education, publishing the first book, and leaving academia for the corporate world. This helpful guide is for anyone who has ever wondered what the fascinating and challenging world of academia might hold in store. Everything you ever need to know about making it as a scientist. Despite your graduate education, brainpower, and technical prowess, your career in scientific research is far from assured. Permanent positions are scarce, science survival is rarely part of formal graduate training, and a good mentor is hard to find. In *A Ph.D. Is Not Enough!*, physicist Peter J. Feibelman lays out a rational path to a fulfilling long-term research career. He offers sound advice on selecting a thesis or postdoctoral adviser; choosing among research jobs in academia, government laboratories, and industry; preparing for an employment interview; and defining a research program. The guidance offered in *A Ph.D. Is Not Enough!* will help you make your oral presentations more effective, your journal articles more compelling, and your grant proposals more successful. A classic guide for recent and soon-to-be graduates, *A Ph.D. Is Not Enough!* remains required reading for anyone on the threshold of a career in science. This new edition includes two new chapters and is revised and updated throughout to reflect how the revolution in electronic communication has transformed the field.

A book to challenge the status quo, spark a debate, and get people talking about the issues and questions we face as a country!

When Professor Godfrey St. Peter and wife move to a new house, he becomes uncomfortable with the route his life is taking. He keeps on his dusty study in the old house in an attempt to hang on to his old life. The marriages of his two daughters have removed them from the home and added two new sons-in-law, precipitating a mid-life crisis that leaves the Professor feeling as though he has lost the will to live because he has nothing to look forward to. Adding to that, the death of his favourite student Tom Outland in the Great War is a blow that is too heavy to deal with at his age. Will Professor Godfrey survive his mid-life crisis or will it lead to a disastrous result?
