The Yorkshire detectives reopen an old murder case and stir a royal scandal in this “ dynamic, surprising mystery ” (Publishers Weekly). Reginald Hill “ raised the classical British mystery to new heights ” when he introduced pugnacious Yorkshire Det. Inspector Andrew Dalziel and his partner, the callow Sgt. Peter Pascoe (The New York Times Book Review). Their chafing differences in education, manners, technique, and temperament made them “ the most remarkable duo in the annals of crime fiction ” (Toronto Star). Adapted into a long-running hit show for the BBC, the Gold Dagger Award – winning series is now available as ebooks. It was a cold-blooded murder committed in one of Yorkshire ' s country estates. The conspirators: Sir Ralph Mickledore and his lover, American nanny Cissy Kohler. The victim: Mickledore ' s hapless wife. Mickledore ' s execution for the open-and-shut case made headlines. Thirty years later, so has Cissy ' s parole in light of new testimony suggesting her innocence. But when the witness whose long-suppressed evidence is murdered, Dalziel and Pascoe realize the damage done by the fatal affair isn ' t over. But whose secrets will prove more revealing? Those buried with Mickledore and his wife a generation ago? Or those Cissy is holding on to for dear life? Recalled to Life is the 14th book in the Dalziel and Pascoe Mysteries, but you may enjoy reading the series in any order.

The remarkable story of how Joe Foster developed Reebok into one of the world's

most famous sports brands, having started from a small factory in Bolton. Since the late 19th century, the Foster family had been hand-making running shoes, supplying the likes of Eric Liddell and Harold Abrahams - later immortalised in the film Chariots of Fire - as well as providing boots to most Football League clubs. But a family feud between Foster's father and uncle about the direction of their business led to Joe and his brother Jeff setting up a new company, inspired by the success of Adidas and Puma, and so Reebok was born. At first, money was so short that Joe and his wife had to live in their rundown factory, while the machinery that made the shoes was placed around the edge of the floor, because it was so weak it could have collapsed if they'd been positioned in the middle. But, from this inauspicious start, a major new player in the sports equipment field began to emerge, inspired by Joe's marketing vision. By the 1980s, Reebok had become a global phenomenon, when they were the first to latch onto the potential of the aerobics craze inspired by Jane Fonda. Soon, Reeboks were being seen on Hollywood red carpets and even in the film Aliens, where Sigourney Weaver wore a pair of Reebok Alien Stompers. Like the international bestseller Shoe Dog, by Nike's Phil Knight, Shoemaker is a powerful tale of triumph against all the odds, revealing the challenges and sacrifices that go into creating a world-beating brand; it is also the story of how a small local business can transform itself, with the right products and the right vision, into something much, much bigger.
