The slow-burn nature of the first three episodes was a distant memory on "Super Super Mart" because we finally learned some answers. It's hard to believe it, but once upon a time, May worked in an ...

Reoperative Hand Surgery is a major contribution to the literature, offering a wide range of reoperative options for challenging problems that face the reconstructive hand surgeon after failed primary surgery. Concise and discussing all of the more common issues that hand surgeons often face in performing revision surgery, this invaluable title is unique in that it looks specifically at the problem of what to do when the original index procedure did not go as planned. Topics covered include the hand, wrist, forearm and elbow, and several sections of the book discuss some of the psychological and social factors that also go into the decision process to reoperate or not. The chapters are tightly focused so that the important aspects to consider for reoperation can be quickly reviewed. There is also a component that discusses how to avoid other pitfalls and to minimize as well as manage any complications that may occur with reoperative procedures. Importantly, the book is replete with original art work to help describe and demonstrate how to perform many reoperative procedures. The artwork is simple and straightforward but yet detailed enough to convey the important steps and aspects for the surgical intervention it is outlining. Developed by renowned experts in the hand surgery field, Reoperative Hand Surgery is an indispensable, state-of-the-art reference, offering the busy hand and upper extremity surgeon easily accessible information relating to the evaluation, diagnosis, and possible surgical interventions for the diagnoses discussed.

Expertly rendered illustrations of fast, flashy, and powerful sports cars, among them the 1962 Ford Thunderbird, 1964 Corvette Stingray, 1968 Chevy Impala SS427, 1969 Camaro Z-28, 1970 Ford Torino Fastback, 1971 Mustang Boss 351, 1974 Firebird Trans-Am, and 37 others. For coloring book enthusiasts and "muscle car" fans.

Seven short scenes from Peter Barnes for two people each.

The first study devoted to classical art's vital creative impact on the work of the Flemish painter Peter Paul Rubens. "For the great Peter Paul Rubens (1577–1640), the classical past afforded lifelong creative stimulus and the camaraderie of humanist friends. A formidable scholar, Rubens ingeniously transmitted the physical ideals of ancient sculptors, visualized the spectacle of imperial occasions, rendered the intricacies of mythological tales, and delineated the character of gods and heroes in his drawings, paintings, and designs for tapestries. His passion for antiquity profoundly informed every aspect of his art and life. Including 170 color illustrations, this volume addresses the creative impact of Rubens's remarkable knowledge of the art and literature of antiquity through the consideration of key themes. The book's lively interpretive essays explore the formal and thematic relationships between ancient sources and Baroque expressions: the significance of neo-Stoic philosophy, the compositional and iconographic inspiration provided by exquisite carved gems, Rubens's study of Roman marble sculpture, and his inventive translation of ancient sources into new subjects made vivid by his dynamic painting style. This volume is published to accompany an exhibition on view at the J. Paul Getty Museum at the Getty Villa from November 10, 2021, to January 24, 2022.

WINNER OF THE NATIONAL BOOK CRITICS CIRCLE AWARD AN AMERICAN BOOK AWARD FINALIST Now in paperback, War Without Mercy has been hailed by The New York Times as "one of the most original and important books to be written about the war between Japan and the United States." In this monumental history, Professor John Dower reveals a hidden, explosive dimension of the Pacific War—race—while writing what John Toland has called "a landmark book . . . a powerful, moving, and evenhanded history that is sorely needed in both America and Japan." Drawing on American and Japanese songs, slogans, cartoons, propaganda films, secret reports, and a wealth of other documents of the time, Dower opens up a whole new way of looking at that bitter struggle of four and a half decades ago and its ramifications in our lives today. As Edwin O. Reischauer, former ambassador to Japan, has pointed out, this book offers "a lesson that the postwar generations need most . . . with eloquence, crushing detail, and power."

Memoir of the author's experience fighting in too of thebattles of the South Pacific during World War II.

Amid the glitter and glamour of musical and court life in 18th century Vienna, fifteen-year-old Theresa Maria Shurman is trying to solve a brutal mystery. Who killed her father, an acclaimed violinist, and stole his valuable Amati violin? When Haydn himself offers her a position as his assistant, it gives Theresa access to life in the palace-and to a world of deceit. Theresa uncovers blackmail and extortion even as she discovers courage and honor in unexpected places: from a Gypsy camp on the banks of the Danube, to the rarefied life of the imperial family. And she feels the stirrings of a first, tentative love for someone who is as deeply involved in the mystery as she is.

Description: "Guadalcanal Diary." Predominately film stills from the Guadalcanal Diary.

Fix a Super Bowl? I never thought it possible, but 4th and Fixed is so chock-full of NFL skinny that it sweeps you along from the field to the front office and makes you believe. --Frank Deford
