CNN video activity and writing topics designed as supplementary material to a writing topic.

The Only Grammar Book You'll Ever Need is the ideal resource for everyone who wants to produce writing that is clear, concise, and grammatically excellent. Whether you're creating perfect professional documents, spectacular school papers, or effective personal letters, you'll find this handbook indispensable. From word choice to punctuation to organization, English teacher Susan Thurman guides you through getting your thoughts on paper with polish. Using dozens of examples, The Only Grammar Book You'll Ever Need provides guidelines for: Understanding the parts of speech and elements of a sentence Avoiding the most common grammar and punctuation mistakes Using correct punctuating in every sentence Writing clearly and directly Approaching writing projects, whether big or small Easy to follow and authoritative, The Only Grammar Book You'll Ever Need provides all the necessary tools to make you successful with every type of written expression.

Veteran editor Don McNair lays out an easy-to-follow and systematic method for clearing up foggy writing--writing that's full of extra, misused, and overused words--in this guide to producing sparkling copy that attracts readers, agents, editors, and sales. McNair explains the common mistakes made by most writers and shows how eliminating unnecessary words strengthens action, shorten sentences, and makes writing crackle with life. Containing 21 simple, straightforward principles, "Editor-Proof Your Writing" teaches how to edit weak verb forms, strip away author intrusions, ban redundancies, eliminate foggy phrases, correct passive-voice sentences, slash misused and overused words, and fix other writing mistakes. A superb addition to any writer's toolkit, this book will not only make writing clearer and more grammatical, it will also make it more concise, entertaining, and appealing to publishers.

Frequently reissued with the same ISBN, but with slightly differing bibliographical details.

Scientific writing is often dry, wordy, and difficult to understand. But, as Anne E. Greene shows in [Writing Science in Plain English](#), writers from all scientific disciplines can learn to produce clear, concise prose by mastering just a few simple principles. This short, focused guide presents a dozen such principles based on what readers need in order to understand complex information, including concrete subjects, strong verbs, consistent terms, and organized paragraphs. The author, a biologist and an experienced teacher of scientific writing, illustrates each principle with real-life examples of both good and bad writing and shows how to revise bad writing to make it clearer and more concise. She ends each chapter with practice exercises so that readers can come away with new writing skills after just one sitting. [Writing Science in Plain English](#) can help writers at all levels of their academic and professional careers--undergraduate students working on research reports, established scientists writing articles and grant proposals, or agency employees working to follow the Plain Writing Act. This essential resource is the perfect companion for all who seek to write science effectively.

The complete guide to self-editing, illustrating the most common problems with hundreds of before-and-after examples

This comprehensive guide will prepare candidates for the test in all 50 states. It includes four complete practice exams, a real estate refresher course and complete math review, as well as a real estate terms glossary with over 900 terms, and expert test-prep tips.

NEW YORK TIMES BESTSELLER • A sharp, funny grammar guide they'll actually want to read, from Random House's longtime copy chief and one of Twitter's leading language gurus NAMED ONE OF THE BEST BOOKS OF THE YEAR BY O: The Oprah Magazine • Paste • Shelf Awareness "Essential (and delightful!)"—People We all write, all the time: books, blogs, emails. Lots and lots of emails. And we all want to write better. Benjamin Dreyer is here to help. As Random House's copy chief, Dreyer has upheld the standards of the legendary publisher for more than two decades. He is beloved by authors and editors alike—not to mention his followers on social media—for deconstructing the English language with playful erudition. Now he distills everything he has learned from the myriad books he has copyedited and overseen into a useful guide not just for writers but for everyone who wants to put their best prose foot forward. As authoritative as it is amusing, Dreyer's English offers lessons on punctuation, from the underloved semicolon to the enigmatic en dash; the rules and nonrules of grammar, including why it's OK to begin a sentence with "And" or "But" and to confidently split an infinitive; and why it's best to avoid the doldrums of the Wan Intensifiers and Throat Clearers, including "very," "rather," "of course," and the dreaded "actually." Dreyer will let you know whether "alright" is all right (sometimes) and even help you brush up on your spelling—though, as he notes, "The problem with mnemonic devices is that I can never remember them." And yes: "Only godless savages eschew the series comma." Chockful of advice, insider wisdom, and fun facts, this book will prove to be invaluable to everyone who wants to shore up their writing skills, mandatory for people who spend their time editing and shaping other people's prose, and—perhaps best of all—an utter treat for anyone who simply revels in language. Praise for Dreyer's English "Playful, smart, self-conscious, and personal . . . One encounters wisdom and good sense on nearly every page of Dreyer's English."—The Wall Street Journal "Destined to become a classic."—The Millions "Dreyer can help you . . . with tips on punctuation and spelling. . . . Even better: He'll entertain you while he's at it."—Newsday

THE WRITE START: PARAGRAPHS TO ESSAYS introduces the developing writer to the basic elements necessary for writing effective essays in the academic environment. The Fifth Edition focuses first on writing paragraphs that express thoughts about a topic, and then on expanding the topic to the longer essay format. These skills will help students communicate more effectively and prepare them for the rigors of their first college-level composition course.
